It is important that the Licensee understands this is a recreational use campsite only, and it is not intended for, nor is residential use allowed.

It is important to note all alterations, additions and improvements, whether affixed or attached to the property or not, made during your License Agreement term will become the property of Oklahoma State University upon expiration or other termination of the License Agreement, and will remain on the campsite or cabin where approved. If an improvement is removed without permission, a \$1000 maximum charge will be added to your account. Improvements may not be sold or transferred by the Licensee as part of any transaction.

The Licensee is responsible for constructing any approved site improvements per the drawings and material list presented with the application, and notifying LCB when construction is completed for inspection. The Licensee has 90 days to complete permitted construction. If construction is not completed within 90 days, the approval becomes invalid.

Failure to construct an improvement in accordance with submitted materials will result in LCB asking the tenant to either correct the deficiency or remove an existing improvement. Failure to do so within 30 days will result in LCB staff removing the improvement at the Licensee's cost.

The Licensee is responsible for the maintenance of all improvements on the site. Failure to maintain the improvements in a safe, attractive manner will result in LCB asking the tenant to either maintain or remove an existing improvement. Failure to do so within 30 days will result in LCB staff removing the improvement at the Licensee's cost.

I agree to the terms and conditions stated above, and have read the requirements for the type of improvement I wish to construct. I understand that no construction will begin prior to receiving written approval from Lake Carl Blackwell, and to do so is a violation of my License Agreement which will result in the termination of the agreement.
